

## Powernet Built-In Twofold Switching Actuator

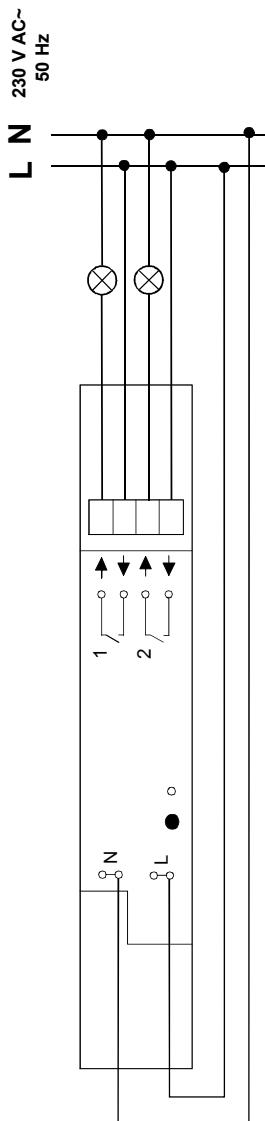

Art. Nr.: 0874 00

### System Information

This device is a product of the Gira-Powernet® EIB system and complies with EIBA directives. Detailed technical knowledge obtained in *instabus* or Gira-Powernet® EIB training courses is a prerequisite to proper understanding. The functionality of this device depends upon the software. Detailed information on loadable software and attainable functionality may be taken from the manufacturer's ETS2 product database as well as from the Gira-Powernet® EIB controller database.

Planning, installation and commissioning of the unit is done by means of the ETS2 software, Ver. 1.1 or later, as well as by the Gira-Powernet® EIB controller.

### Function

By means of this switching actuator, two different groups of loads can be switched independently of each other.

### Connection

Connection must be established as shown in the opposite illustration. Both channels and the Gira-Powernet® EIB connection must be wired with the same external conductor.

A 10 A automatic cut-out must be connected in series to protect the equipment.

### Warning

**Caution! The installation and assembly of electrical equipment may only be performed by a skilled electrician. Do not connect any loads/ types of load other than specified.**

## Specifications

### Supply

Mains voltage : 230 V AC (sine-wave)  
Mains frequency : 50 Hz

### Connection

: Plug-in terminals up to 2.5 mm<sup>2</sup> max.

### Switching Capacity

Resistive load : 2300 W  
Incandescent lamps : 2300 W  
Halogen HV lamps : 2000 W  
Halogen LV lamps, conv. transformer : 500 VA  
Halogen LV lamps, with Tronic transformer : 1500 W

### Fluorescent lamps

Unbalanced : 900 W  
Twin-lamp circuit : 1500 W  
Shunt-compensated : 320 W

Mercury discharge lamps : 1000 W  
Halogen metal vapour lamps : 1000 W

### Ambient temperature

: -5 °C to +45 °C

### Max. enclosure temperature

: TC = 75 °C

### Storage temperature

: -25 °C to +70 °C

### Protective system

: IP 20

### Dimensions (in mm) (W x H x L)

: 39.5 x 28.5 x 278.6

### Minimum distances

: 4 cm all around

## Acceptance of guarantee

We accept the guarantee in accordance with the corresponding legal provisions.

**Please return the unit postage paid to our central service department giving a brief description of the fault:**
